Romantic Treehouse

*Eccentric & Romantic
Treehouse Accommodation
in the Kwa-Zulu Natal Midlands*

If we can't fly with the birds we can at least nest with them

Unique, artistically designed treehouses inspire dreams and freedom from earthbound perspectives of adulthood, duties and responsibilities. Each treehouse has a theme and boasts a private Jacuzzi spa bath, en-suite bathroom, a private balcony, and cosy fireplaces.

Your stay includes hearty country dinners & full breakfasts at the lodge, in a wood-warm dining area with views rolling across meadows to meet the Drakensberg, etched across the horizon.

Explore the Midlands Meander along a collection of arranged routes that offer visitors hospitality in truly beautiful surroundings, outdoor activities, adventure sports, historic battlefields, wildlife conservation, and best of all "shop-till-you-drop" unique arts and crafts.

Or simply relax and recharge your soul in our well-wooded garden, providing quiet privacy for walks, bird watching and beautiful views of Giant's Castle.
